How to Redeem Vouchers:

Login to the guest portal (7peaks.aluvii.com/guest). **Make sure that everyone you are redeeming a voucher for already has their own account before you begin.** You can create accounts for yourself and your family members by selecting "Do not have an account? Click Here" and then "Create Account" from the pop-up window.

Once you are logged in, and any additional accounts you will be managing (like your children's accounts) have been created, be sure you have access to them by reviewing "My Memberships" and "Add new Guest" to add the accounts under your management.

Then, click on the "Vouchers" tab in the top navigation.

Enter your first voucher number into the box and click "redeem." Assign it to a guest on your account or yourself. If you purchased an add-on, it will automatically be added to your account.
